Wm. Leonard, called "Dock" for short, one of Chariton county's clever farmers, is in Grundy county taking orders for the balance churning, having bought the right to sell in that county. Our old friend, John W. Rock, of Forrest Green neighborhood, was in the capital and made us a pleasant call Saturday. It is his intention to return to Las Vegas, New Mexico, where he spent the past winter, this fall, or as soon as he can dispose of his possessions in Missouri. He thinks his trip west did much good in relieving him of asthmatic trouble, which was rapidly undermining his constitution here. He will take his family and make his home in Las Vegas, where he has already bought property.

One of our exchanges speaks of a millinery store kept by a very estimable lady and says the editor was glad to see her stocking up. The editor says he never was so astonished in his born days as he was when the paper came out, to meet the millinery lady and have her strike him across the brow with an umbrella and call him a liar, and that she would tell his wife. He didn't know what she was mad at and he had to read the item over a hundred times to see if there was anything spiteful in it.

Messrs. Cuddy, Noll and 'Squire Cazzell, of Missouri township, were in the capital last Monday. 'Squire Cazzell was one of Mr. Cuddy's neighbors, mentioned last week as having a yield of 34 bushels of wheat to the acre. We speak of this to show what a Republican can do in a Democratic state in the way of farming. He shipped to St. Louis and got a grade of No. 2 and went along in person and got the top of the market. Old Chariton is looming up this year as a wheat raising county.

The Keytesville Black Stockings and Moberly Browns crossed bats at Salisbury on Wednesday last week. About 500 spectators witnessed the game which resulted in the Black Stockings' defeat by a score of 22 to 9. The contest was for a purse of \$200, and the filthy lure was, of course, carried off by the Moberly boys. At least seven of the Black Stockings were badly off in ball playing last Wednesday and made many seemingly inexcusable errors.

Our boys play ball when it's dry and play ball when it's wet, but can't play a little bit whenever they bet.

Bessey has made his home in Dickinson county, Kas., for some time and was here on a visit to his brother, Lewis Bessey, near Guthridge Mills. His appearance tallied so nearly with the description of C. G. Bessey as sent to Sheriff Anderson by Sheriff Nail that C. O. Bessey was placed under arrest. Bessey we will say that he bore a good reputation while a resident of this county and which was fully maintained after his removal to Dickinson county, Kas.

Our Entire Stock of Fall and Winter Goods Now Ready.

Our name and fame is world-wide, and nothing has ever occurred to mar the happiness of this, except in the past season, when we were not able to serve our customers as well as we might, owing to a slight disagreement among the partners, caused by meddlesome people who could not bear the sight of Abe Strouse catering to the masses; they wanted someone in Glasgow who would sit down and mope; they were not accustomed to enterprise and energy, and they fought so hard and so long that these persons, whose names are not worth mentioning, succeeded in, not driving Abe Strouse out of Glasgow, as they intended to do, but in depriving a widow and five children of \$10,000. This was nothing but cruelty, and worst of all they did not carry their point, for Abe Strouse today is sole proprietor and owner of the firm of Strouse & Co.

Our entire Fall and Winter Stock is now complete, rather early, you might say, but never a truer adage existed than "the early bird catches the worm." We never carried such a large stock at this season, and never at such remarkably low prices. We want all of the trade we ever sold to, and expect to keep it if good goods and low prices will do it. In addition to the Wonderful Price-List we have some extra inducements.
